Task 4

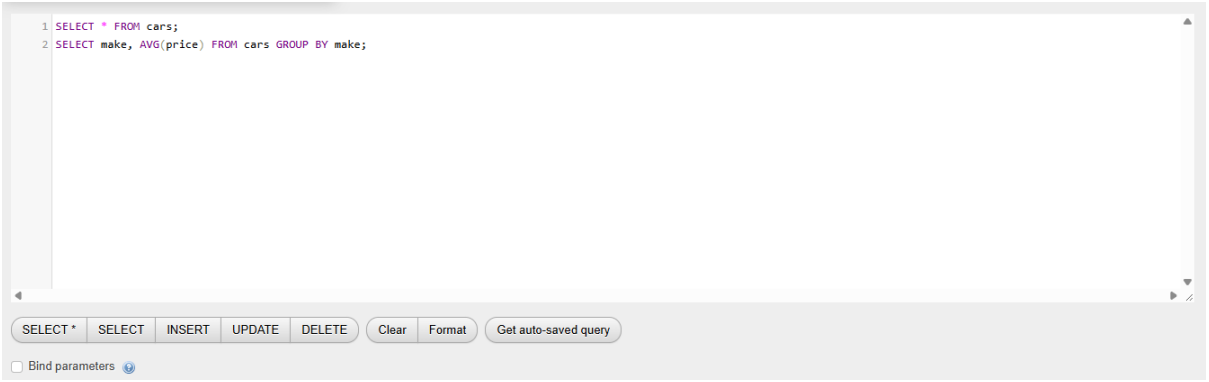

Display the make, model and price of all of the cars and sort them by ‘make’ first than by ‘model’.

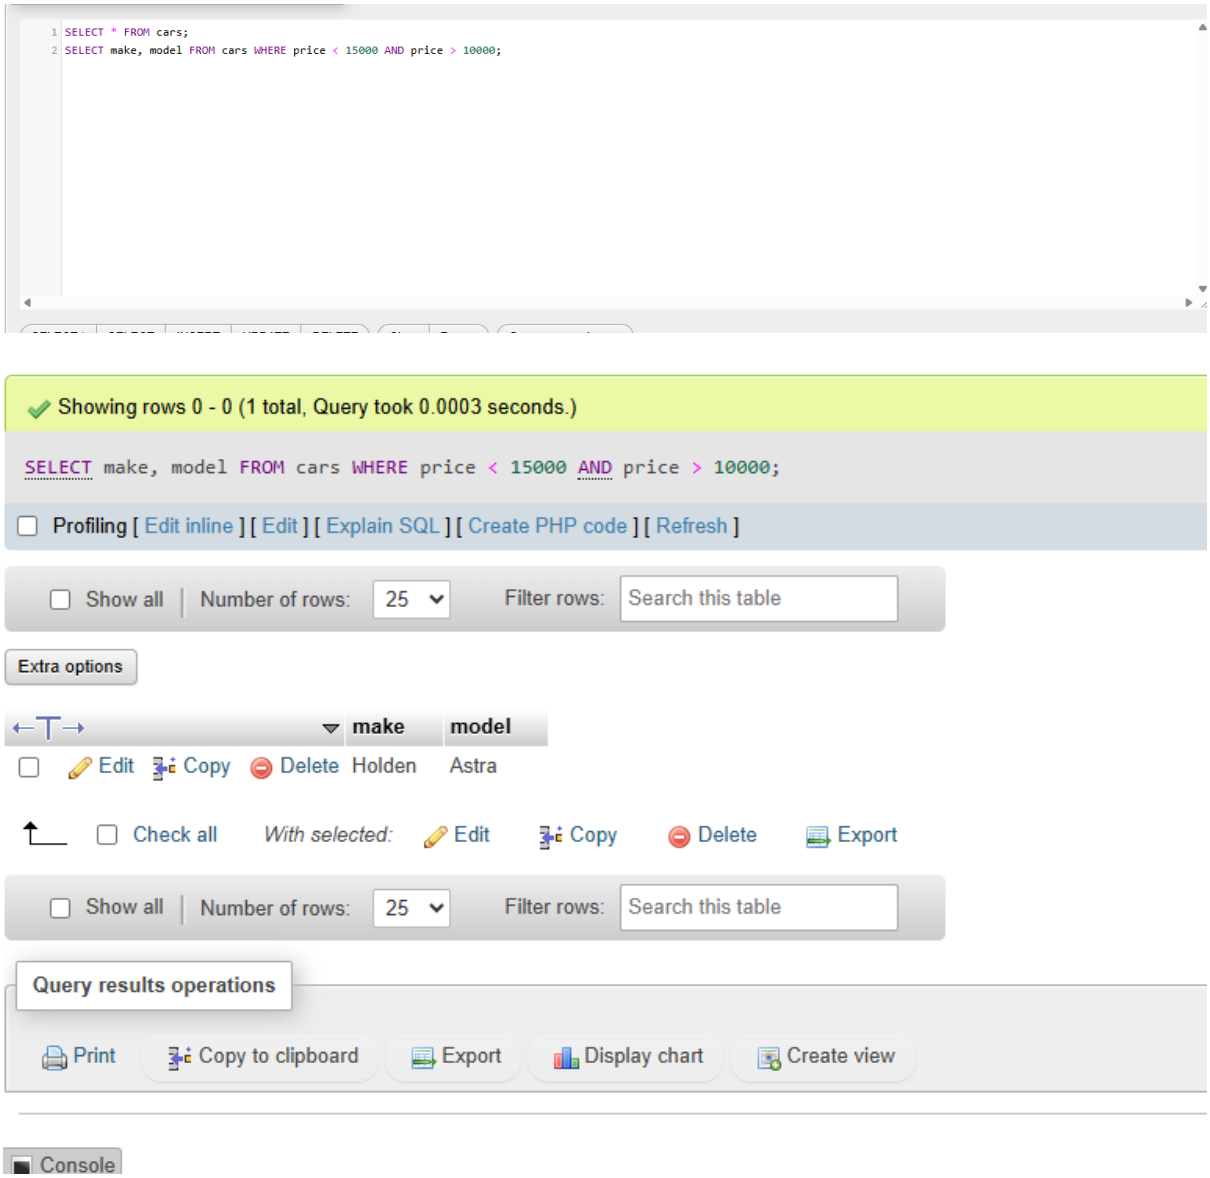

Display the make and model of all the cars, then sort them where price is more than or equal to 20000

Display the make and calculate the average price of the cars and group the cars where the value of records in ‘make’ are the same.

Display make and model of all the cars where the price is smaller than 15000 and bigger than 10000
